## PROFESSIONAL SUMMARY

Motivated and detail-oriented Final-Year CSE Student and MERN Full Stack Developer with hands-on experience gained through an IBM internship and real-world project development. Skilled in building scalable and user-friendly web applications using MongoDB, Express.js, React.js, Node.js, and modern UI frameworks. Successfully developed a complete E-Commerce Web Application featuring authentication, product management, cart system, and secure API integration. Strong understanding of frontend-backend architecture, REST APIs, Git, and deployment workflows. A fast learner with excellent problem-solving abilities and a passion for developing efficient, real-world software solutions.

## EDUCATION

### Bansal Institute of Engineering & Technology

Bachelor of Technology in Computer Science

Lucknow , India

2022 - 2026

## SKILLS

### Technical Skills

- Full Stack Web Development
- RESTful API Development
- Responsive UI Design
- Database Design & Management
- Authentication & Authorization (JWT, bcrypt)

### Database

- MongoDB, Mongoose ORM
- CRUD Operations
- Schema Design & Aggregation

### Frontend Skills

- HTML5, CSS3, JavaScript (ES6+)
- React.js, React Hooks, Context API
- Tailwind CSS, Bootstrap
- Axios, Fetch API

### Tools & Technologies

- Git & GitHub
- Postman
- VS Code
- Cloud Deployment (Render, Vercel, Netlify)
- NPM, Webpack

### Backend Skills

- Node.js, Express.js
- MVC Architecture
- JWT Authentication
- API Development & Integration
- Payment Gateway Integration

### Soft Skills

- Problem-Solving
- Team Collaboration
- Time Management
- Adaptability
- Communication Skills

## ACHIEVEMENT

- Virtual Internship in full stack development (IBM)
- Completed SQL for data science
- Achieved a first prize in code debugger

## PROJECTS

### E-Commerce Web Application – MERN Stack

 Live Demo: <https://ecommerc-frontend.vercel.app>

Tech Stack: MongoDB, Express.js, React.js, Node.js, JWT, Tailwind CSS

- Built a fully responsive E-Commerce web app with product listing, cart, and checkout features.
- Implemented JWT-based authentication, secure login/signup, and admin/user role access.
- Created REST APIs for products, users, orders, and cart management.
- Designed modern UI with React & Tailwind and deployed using Vercel + Render.
